Laser Hair Removal Service in Utah

Imagine the convenience and confidence of having ***silky smooth skin every day without plucking, shaving or waxing***. There is now a pain-free way to ***permanently eliminate hair*** for stubble-free legs, underarms and bikini area. Thanks to the revolutionary Hair-Free™ laser hair removal treatment, nearly any part of the body can be treated safely and comfortably, including your upper lip, chin, neck, back, and stomach.

How Does the Pain-Free, Hair-Free™ Laser Technology Work?

Laser hair removal with Hair-Free™ laser hair removal is ***safe for all skin and hair types and most hair colors***. The revolutionary advances of the Hair-Free™ laser hair removal treatment utilize incredible break-through ***laser technology combined with the convenience of a quick trip to the spa*** for the most comfortable and best hair removal experience available.

Hair-Free™ laser hair removal treatment at **La Belle Vie** is the next generation of hair removal. Our specialized infrared diode laser energy gradually heats hair follicles within the subdermal layer of skin. Combine with the patented ***DualChill™ treatment tip*** to keep the skin's surface cool, our laser hair removal treatment is ***comfortable with predictable and permanent results*** that you'll love with absolutely no downtime.

Contact La Belle Vie or give us a call today at 801-251-6965 to schedule your **complimentary laser hair removal consultation!** Receive \$200 off + 3 FREE laser hair removal treatments! Exact pricing will vary, depending on your needs.

What to Expect from Your Laser Hair Removal Treatment

During your consultation, your friendly hair removal aesthetician will **determine the best treatment plan for your individualized needs** because each person's hair removal needs will differ. Generally, you'll will need **a series of visits to achieve the full, smooth and silky benefits** of laser hair removal. It is important to be consistent with treatments to achieve the full desired effect.

- **Prepare for Laser Hair Removal Treatments** – To prepare for your visit to La Belle Vie for your laser hair removal treatment, we recommend that you **shave the targeted area** but do not tweeze, wax or bleach the hair for one month before your scheduled treatment.
- **Caring for Recently Treated Areas** – **Avoid sun exposure** immediately after each treatment session. The use of **light-weight sunscreen lotion is highly recommended** to protect recently treated areas. While you are still in course of hair-removal treatment, **do not pluck, shave or wax**
